Revised February 2020

Maryland Medicaid Home and Community Based Services Waiver for Children with Autism Spectrum Disorder Autism Waiver

For children with Autism Spectrum Disorder in Maryland, the *Autism Waiver* provides services and supports that promote independent living skills and community integration.

Autism Waiver Services

Autism Waiver Services use the home and community environment as a learning experience.

- **Intensive Individual Support Services (IISS):**
One-on-one assistance based on the child's need for interventions and support. Services assist children in acquiring, retaining, and improving the self-help, socialization, communication, daily living, functional living, behavior management, and adaptive skills necessary to reside successfully at home.
- **Therapeutic Integration (TI: Regular or Intensive):**
A structured program during after-school hours, weekends, and non-school days that provides therapeutic activities and expressive therapies specially needed for children and adolescents who have problems with socialization, isolation, hyperactivity, impulse control, and behavior.
- **Respite Care:** Short-term supervision and assistance with activities of daily living that are provided to children because of the absence or need for relief of those persons normally providing care.
- **Environmental Accessibility Adaptations (EAA):**
Funding towards making physical adaptations to the home that are necessary to ensure the health, welfare, and safety of the individual in the home environment.
- **Family Consultation (FC):** In-person, individualized consultation and training provided to a child's family.
- **Adult Life Planning (ALP):** Family-centered and focused on educating and supporting the family in accessing adult community services on behalf of the participant.
- **Residential Habilitation (Regular or Intensive):**
Community-based residential placement for children who cannot live at home because they require highly supervised and supportive environments with the goal of returning the child to the home.

Eligibility for Autism Waiver Services

Children must meet the following eligibility criteria.

- Have a current diagnosis of ASD (within the last 3 years by a qualified diagnostician);
- Be a resident of Maryland;
- Be age 1 through the end of the school semester when the child turns 21 years old;
- Have an Individualized Educational Program (IEP) or Individualized Family Service Plan (IFSP) with at least 15 hours per week of special education/related services;
- Meet an institutional Level-of-Care for Intermediate Care Facilities for individuals with Intellectual Disabilities (ICF-IID) and choose to receive Autism Waiver services as an alternative;
- Be able to be served and safely maintained in the home and community through Autism Waiver services;
- Meet financial eligibility for Medical Assistance; the child's monthly income may not exceed 300% of Supplemental Security Income (SSI) benefits and their countable assets may not exceed \$2,000 or \$2500 (depending on eligibility category); and
- Choose Autism Waiver to best meet child's needs if the child is enrolled in another Home and Community-Based Services Waiver, the Model Waiver or any other Medicaid Waiver program, as applicable.

Autism Waiver Registry

Families should contact the Autism Waiver Registry if interested in applying to the Autism Waiver when a vacancy occurs.

- Provide the following information: child's name, date of birth, address, county of residence, and contact information.
- Parents are required to notify the Registry of any changes in address or contact information.
- Application for enrollment is based on chronological order from the time the child's name is placed on the Registry.

Application Process

Parents will receive an application letter from the Maryland Department of Health when there is a vacancy and their child may begin the Autism Waiver application process to determine eligibility.

- Contact the local school system or the early intervention agency to speak to the Autism Waiver contact to begin eligibility determination process.
- Meet with the child's assigned Service Coordinator to complete the financial eligibility form.
- Contribute to the Level of Care assessment process that will be signed by a Maryland licensed psychologist or certified school psychologist employed by the local school system.
- Attend a multidisciplinary team meeting to develop a Plan of Care.
- Receive notification of eligibility from the State. If eligible, the letter will include a start date to begin Autism Waiver services.
- Maintain eligibility by using at least one participant focused Autism Waiver service a month.
