Frequently Asked Questions:

What if I do not have insurance? I am afraid to seek care because of the financial penalties, fear of being uninsured, or other associated fears.

There are legal protections and current mandates in effect by Governor Hogan for your right to access care during the pandemic!

Under the Maryland State of Emergency, Governor Hogan has ordered that:

Prescriptions - Health insurance companies are required to waive any time restrictions on prescription refills, so individuals can obtain medications before any quarantine.

Lab Tests - Health insurance companies are required to waive cost-sharing, including lab fees, co-payments, coinsurance, and deductibles for any visit to test for coronavirus at a doctor's office, urgent care center, or emergency room.

Vaccine - Health insurance companies are required to waive any cost-sharing, including co-payments, coinsurance, and deductibles for vaccination for coronavirus, when a vaccine becomes available.

Testing should be covered in full by Health Insurance.

DHHS has emergency protocols funding for the uninsured.

Medicaid participants are protected by under “Billing Protection”.

“Your Health Coverage and the Coronavirus.” Maryland Health Connection, 13 Oct. 2020

www.marylandhealthconnection.gov/your-health-plan-and-the-covid-19-what-you-need-to-know

What if I am an undocumented citizen or an immigrant? I am afraid to seek care because of my status.

Everyone has the right to seek care, no matter what their status is.

I don't have documentation (such as an ID, a Social Security Number, etc) due to my status, experiencing homelessness, etc. I am experiencing symptoms, but am afraid that I will be denied testing.

- If you don't have a form of identification, please make sure to consult our Lists assembled to see what is required by the testing providers.
- There are multiple testing providers who do not need ID!

“I was charged a fee for COVID testing. What can I do?”

In most cases you should not have to pay for COVID testing.

You can file a complaint with our Health Education and Advocacy Unit (HEAU) if you are billed.

They will investigate your complaint, and may be able to mediate your billing or coverage dispute.

HOW DO TO CONTACT THE Health Education and Advocacy Unit (HEAU)?

Complaints can be filed at www.MarylandCares.org.
